## ABOUT THE UNIVERSITY

Bydgoszcz University of Science and Technology has a long tradition. Our roots go as far back as the Evening School of Engineering in 1951. It educated chemical and mechanical engineers. Next this school was converted into the Engineering School of Higher Education, in 1964. Full-time and part-time studies were offered by 4 faculties.

Agricultural studies were started in 1969 by the Bydgoszcz branch of The Agricultural School of Higher Education in Poznań. This branch became independent in 1972. Those two schools were united into the Jan and Jędrzej Śniadecki's University of Technology and Agriculture in Bydgoszcz. Then, it was converted into the UTP University of Science and Technology in 2006. From 2021, The university changed its name to the Bydgoszcz University of Science and Technology. The Bydgoszcz University of Science and Technology is a multi-disciplinary school offering many taught programmes.

**11<sup>TH</sup> INTERNATIONAL SCIENTIFIC SESSION**

# APPLIED MECHANICS

**NOVEMBER 18, 2022, VIRTUAL-ONLINE  
BYDGOSZCZ**

The scientific session has been organised every two years since 1988. Bydgoszcz is a vibrant city with approximately 357,600 inhabitants. It is a large sport, cultural, economic and scientific centre.

## SCOPE

The Symposium's aim is to enable participants to present their latest theoretical ideas and experimental findings related to the following topics:

- Structural mechanics,
- Experimental methods in mechanics,
- Engineering applications of mechanics,
- Fracture mechanics and fatigue,
- Mechanics of composite materials,
- Mechanics of porous materials,
- Fluid mechanics,
- Dynamics of mechanical systems,
- Numerical methods in mechanics,
- Mechatronics.

## PAPERS

The full-length papers, written in English and accepted by the Scientific Committee, will be published online **AIP Conference Proceedings** (USA). AIP Conference Proceedings are indexed in leading databases:

- **Web of Science**,
- **Scopus**,
- **Inspec**.

Last conference papers (2016, 2018) are published in:  
<http://aip.scitation.org/toc/apc/1822/1?expanded=1822>  
<https://aip.scitation.org/toc/apc/2077/1>

## IMPORTANT DATES

Deadline for registration  
and sending one-page abstracts: **01.09.2022**  
Conference fee payment: **31.10.2022**  
Submission of full-length papers  
and conference: **18.11.2022**

Registration form, abstracts and full-length papers  
should be sent to:
